

Takeaway for Sukkot

For all families, whether you have a sukkah at home or not

- 🍅 Print out coloring pages of different fruits and vegetables. Have your child/ren color them and cut them out. Then hang them in the sukkah.
- 🍅 Hang tapestries of fabric you pick out as a family at the fabric store.
- 🍅 Paint pumpkins, gourds, and pinecones. Use them for decorations in the sukkah.
- 🍅 Invite different guests to eat in your sukkah each night.
- 🍅 Make edible sukkah's out of pretzel sticks, carrot sticks, peanut butter, etc.
- 🍅 Buy local fruits and vegetables to eat in the sukkah (this captures the essence of Sukkot as a harvest holiday).
- 🍅 Have a honey tasting with different kinds of local honey in your sukkah.
- 🍅 Paint special ceramic plates to use in the sukkah. These can be reused from year to year.
- 🍅 Hang up a chalkboard/dry erase board in your home and ask a question each day pertaining to Sukkot. For example, what are some things you love about fall?
- 🍅 Read books that cover the themes of Sukkot.
- 🍅 Camp out one night in your sukkah and look for stars.
- 🍅 Gather part of the *schach* (the materials used for the roof of the sukkah) from your yard or a friend's yard.
- 🍅 Put a TV in your sukkah and have a family movie night on air mattresses.
- 🍅 Create mobiles with dried fruit (oranges, kiwis, apple slices, etc.) Hang them in your sukkah or in your house.
- 🍅 Make a paper chain for decoration.
- 🍅 Build/buy a fire pit for outside of the sukkah (warning – don't put the fire pit *in* the sukkah!)
- 🍅 Make a family outing to a pumpkin patch.

Don't have a sukkah at home? Try these ideas!

- 🍅 Volunteer for Habitat for Humanity creating a shelter for others
- 🍅 Build a sukkah-like structure indoors such as a fort or tent
- 🍅 Take a nature walk and use what you find to make center pieces for your table
- 🍅 Decorate your front door with things you would use in your sukkah
- 🍅 Host a picnic and serve harvest-themed dishes
- 🍅 Make a sukkah in a shoebox
